

Daniel Boone High School
Trailblazer Cross-Country Course
2007
5000 Meters

The START Line is located at the back bottom of the church property. Follow the YELLOW route for the first lap. At the start, runners will run a loop in the lower field and then run up a hill and follow the edge of the football & baseball fields on the church property. Runners will then turn right heading onto the course on school property. Once runners reach the finish line the first time, continue to follow the YELLOW route until returning to the Start area. The runners will now follow the PURPLE route and run the lower loop in reverse. After the reverse loop is completed, runners will then follow the course the same as the first loop and end at the FINISH line.
